Born in 1857 into an aristocratic Scottish family, Ishbel Marjoribanks Gordon defied societal expectations from a young age. Driven by a deep sense of compassion and a desire to make a difference in the world, she embarked on a path that would forever change the face of nursing and social welfare. Inspired by the work of Florence Nightingale, Gordon dedicated her life to improving the health and well-being of others.

In 1887, Gordon co-founded the Queen's Nursing Institute, an organization that aimed to provide affordable healthcare to the poor and underserved communities in Scotland. Under her leadership, the institute established a network of district nurses who provided essential medical care, health education, and social support to those in need. Gordon's tireless efforts earned her widespread recognition and respect, and she became a leading advocate for public health and social justice.

Beyond her work in nursing, Gordon was also a passionate campaigner for women's rights and social reform. She was one of the founders of the Scottish Women's Liberal Federation, and she actively supported causes such as women's suffrage, education, and labor rights. Gordon's unwavering commitment to social progress made her an influential figure in the movement for women's empowerment and equality.
